Big Purchase—Rich Southland.

J. G. Trimble returned from Memphis and the State of Mississippi on Saturday last, and while there he purchased several tracts of land in the Delta of Mississippi, amounting in the aggregate to 3410 acres, which in addition to other purchases he and his brother Frank have made within the last year amount to over 10,000 acres, which they now own. He speaks in glowing terms of the great resources of that country, and says the valley of Mississippi between Memphis and Vicksburg offers greater inducements to capitalists for profitable investments, or for speculation, than any other part of the United States.

There are millions of acres of unimproved land of inexhaustible fertility, covered with cane, and much of it with heavy timber that can be purchased at from \$5.00 to \$9.00 per acre, with improved farms at from \$15 to \$35 per acre lying on and near railroads, which can readily be rented for cash at five to six dollars per acre. Cotton and corn or the great staple productions. It is an excellent fruit country and all kind of vegetable crops grow to perfection, frequently producing two crops in the same year and can compete successfully with Florida in the production of all kinds of early vegetables for the early market, especially strawberries, which are transported from there by train loads.

Floyd Day, of Breathitt county, and company, have recently purchased 16,000 acres of timber land in the same locality, which it is believed will pay them 100 per cent profit within two years.

What Makes a Man So Blind as Prejudice!

Many, many men today go and pay some tailor or traveling salesman from \$15 to \$20 more than a suit is worth through prejudice. They say I don't want a hand-me-down. Well, sir, that sort of talk was all right in y-e-olden times, but the intelligent people of today who read know that the big wholesale ready-to-wear tailors, like Stein-Bloch and Hamburger Bros. have the brains and skill of the tailoring world in their employ; and not only have they the skill of the tailoring world, but some of the finest illustrators to place before the people the pictures of living models wearing the latest in style of their manufacture. Don't give up your money so easy, just to say my tailor. Come, place the right confidence in your clothier and see the styles that are correct, and be better dressed for less money.

Our word, sir, that our \$10 Suits equal any suit sold by any house east of Louisville for \$15. Buyers of clothing, remember to get the full value of your dollar, you must buy from a firm that thoroughly understands every transaction it makes. Our \$10 Suits, sir, are made by Hamburger Bros. and cut in the 3-button Yale Sack, in the 4-button Conservative Sack, and the 3-button Double-breasted Sack, hand-put-on collars, hair cloth fronts, every piece of cloth thoroughly shrunk and taped. To make a long story short, they are tailor-made in every sense and ready to put on the minute you want them.

If you want to buy the best \$10 Suits in the world, come to WALSH BROS.

DEATHS.

David Webster died of dropsy at the home of his mother, Mrs. Hannah Craven, on Grassy Lick on Tuesday, October 21, 1902. He was the son of John Webster deceased, and was born Oct. 27, 1888 and would soon have been 14 years old. In August 1900 he became a Christian during the meeting at Somerset by Rev. V. W. Dorris. The funeral service was held at the residence on Thursday morning by B. W. Trimble. The burial was at the Craven's burying ground. The district school attended in a body. To the sorrowing ones we extend the promises and consolation of God's word.

Funeral service was held at the home Monday afternoon by Rev. A. Judson Arrick, of Louisville, and G. A. Joplin of this city. His remains were buried in Macphail cemetery. This good family have the sympathy of every loving heart in this their heavy sorrow.

When the last breath of our loved ones has been drawn, we often wonder why it should be, that little ones are given for so short a time; but when in the light of God's word we give time for reflection, we may know that lives, long or brief, have accomplished a purpose. In His direction and according to His will.

Volunteers in short life, inspiring to their lives and has gone home where the loved ones left are invited. His life was a swelling bud to be opened in full bloom yonder in the presence of Him who said, "suffer the little ones to come unto me."

Have It Sure.

The way to go to the top is by climbing. It is this way in the profession in business. If you go to T. K. Barnes and Sons for a can of peaches you may be sure of obtaining the same delicious flavor as when pulled from the tree; corn, peas, pineapples, molasses, hams, home grown and tropical fruits. They never stop climbing until they have the best that money can buy, believing in many sales and small profits on each, rather than push out a lot of stuff not much better than swill and at a big price at that.

Nowhere is another addition. It is Trow's celebrated Perfection flour. Always with the best; their trade is such they allow none of the superlatives to go by. This is the highest grade of flour with properties few possess. It is for sale only by T. K. Barnes & Sons. Don't you want a sack of the best?

A Reunion.

At the home of Mrs. Emma J. Hedges, on October 19th, there was a reunion of her entire family. Among those present from a distance were: Mrs. J. A. Cooper and two daughters, of Brannan; Mrs. J. H. Myers and two daughters, of Veechdale, and Chas. P. Hedges, of Winchester, together with those of this city: S. B. F. Allan, Irene and Columbus Hedges, also four of her grand children, Sudie and Calie Lee Cooper, Misses Nora Hannah and Eveline Meyers. This being the first time all have been together in fourteen years.

Affirmed by Court of Appeals.

The court of appeals Friday morning affirmed the 10-year verdict of the Breathitt circuit court in the case of Goodloe Hudson and John E. Fugate for the killing of Jack Combs, November, 1901.

Backache should never be neglected. It means kidney disorder which, if allowed to run too long, may result in bright's disease, diabetes or other serious and often fatal complaints. Foley's Kidney Cure makes the kidneys well.

A report from Supt. J. C. Gluck, Reform School, Pruntytown, W. Va., Oct. 18th, 1900. "After trying all other advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the West Virginia Reform School. I find it most effective and absolutely harmless."

At Pineville Elissa Hoskins, charged with participation in the "quarterhouse" fight in which Chas. Cecil was killed, was given life imprisonment.

S. A. Ingalls, Crown Point, N. Y., writes: "My wife suffered from kidney trouble for years. She was induced to try Foley's Kidney Cure and in less than a week after she began using it, she was greatly improved and three bottles cured her."

The Worst Form.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with indigestion and dyspepsia which grew into the worse form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat."

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

We will send you a couple of ounces free.

Points That Will Be Arbitrated

Following are the demands of the miners that will be passed upon by the commission appointed by President Roosevelt:

1. An eight-hour day for all employees working by the day, week or hour.
2. An increase of 20 per cent in the wages of all miners employed by the ton.
3. The establishment of a 2,240-pound ton in all mines.
4. Recognition of mine committees in adjusting disputes or grievances.
5. More thorough organization of all skilled mechanics employed in and about the mines.
6. Condemnation of the Delaware and Hudson Company in reducing wages at the Plymouth colliery.
7. Reinstatement of the colliery firemen discharged by the Delaware and Hudson Company for refusing to work on "swing" shifts.
8. Revision of the contract system and limitation to two in the number of laborers to be employed by any one contractor.
9. Abolition of the "blacklist" system.

Here are the demands of the miners that the operators refuse to submit to arbitration. They will not be considered by the commission.

1. Recognition of the Union.
2. Investigation of opposition of union miners to work with non-union men.
3. Systematic examination of working cards at the mines.
4. Right of union miners to strike at collieries employing non-union labor.

It will be seen from this schedule that Mr. Mitchell has forced consideration of nine out of thirteen demands submitted by him five months ago.

MRS. L. S. ADAMS.
Of Galveston, Texas.

"Wine of Cardui is indeed a blessing to tired women, having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and all sorts of remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. It seemed to build up the weak parts, strengthen the system and correct irregularities."

"By 'tired women' Mrs. Adams means nervous women who have disordered nerves, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have \$1.00 bottles. For any stomach, liver or bowel troubles, try the Wine of Cardui. It should be used."

"Whereas, the Governor of the Commonwealth was asked to prevent said prizefight; and

"Whereas, said Governor at once sought the counsel and advice of the Attorney General and gave him instructions to proceed by due process of law to prevent the breaking of the law; therefore be it

Danish Landthing Rejects Treaty With United States.

The Landthing today rejected the second reading of the bill providing for the ratification of the treaty between Denmark and the United States in regard to the cession of the Danish West Indies to the latter country. The vote stood 32 to 32, a tie.

NO SURPRISE AT WASHINGTON.

The State Department has advised of the action of the Landthing in rejecting the treaty of cession. The action causes little surprise.

AFRAID

Cockrell Would Be Reindicted and Compelled to Return to Jackson.

When Court convened at Camp ton Wednesday morning Commonwealth's Attorney Bird made a written statement asking the court to dismiss the case against Tom Cockrell for the murder of Ben Hargis, and filed in support of same a letter from James Hargis a brother of the deceased. The motion was resisted by W. W. Vaughn, one of the attorneys for the defense, who gave as his reason that they were afraid that another indictment would be returned against the defendant, and that Cockrell would have to go to Jackson for trial.

After hearing the argument on both sides, the Judge said that he had ordered the sheriff of this county to notify the Hargis brothers that if they were afraid to come here to attend the trial, and if they desired to come, that a guard with a conveyance would meet them at Trenton, and protect them to this place and back, and if they thought the Sheriff's guard was unable to protect them and if they desired he would furnish them a detachment of the State militia to accompany them. He overruled the motion to dismiss the case.

HEART

Of a Child Cut Out and Thrust into Mother's Mouth In Effort to Convert Her.

At Cleveland, Ohio, on Oct. 21 in an address to the general missionary convention of the M. E. church, Bishop Chas. H. Fowler referred to the martyrdom of two thousand christians who died because of their faith, in China.

The description of the horrors of that time was eloquent. One instance the Bishop knew of was the heart of a little girl being cut from its body and thrust into her mother's mouth in efforts to have her apostatize, but she remained steadfast and died for her Savior, the Bishop said.

Judgement and Suit Against

Water Companies.

At Georgetown in the suit brought by Mrs. Mary Geell Cantrill, wife of Judge Cantrill, against Colonel R. W. Nelson, who was owner of the city water plant, for damages to the amount of \$18,000 incurred by the loss of furniture when her house was burned nearly two years ago, a verdict was given Mrs. Cantrill for \$6,000.

Mrs. Cantrill sued on the ground that the company did not furnish sufficient pressure and the damage could have been averted had the pressure been up to the requirements.

The county of Bourbon, in connection with the city of Paris, has filed suit in the Bourbon Circuit Court against the Paris Water Company, claiming damages of \$100,000. The lengthy petition claims failure on the part of the water company to furnish a sufficient force of water to cope with fires, and further alleges that the lack of water was responsible for the burning of the Paris Court House on October 19, 1901.

We are Back from New York WITH Bargains for All.

We went on the buyers' excursion to the great metropolis, and never was time and money more profitably spent by us, but it was you we were thinking of--of how best we could serve your interests by serving our own. We are now ready for fall trade as we were never ready before. Not a dollar's worth of unseasonable goods has been left in our new stock. Everything is new, spick and span.

Wagon load after wagon load of new goods have been continually unloaded at the Great Busy Bee Cash Store until progress along the street was impeded. For one whole week people had to walk around or pick their way through the wall of boxes that surrounded the entire store.

The proprietors of this Great Bargain mast the Busy Bee Cash Store gave instructions to their buyers before going East to leave nothing undone to make this the banner fall of their business career in this city, and the buyers have certainly exerted their skill to its utmost capacity. Shelves, counters, ledges, and every available space in the large store is stacked and piled from floor to ceiling and are creaking and groaning under the immense weight of the new goods piled on them.

Our new Dress Goods are creating a big noise among the ladies who have seen them and the p.etty, nobby stuff is already beginning to go out in large quantities. Our ladies know a good thing when they see it, and the beauty and elegance of these new things are so striking that they are taking advantage of them while they can get them.

Our Men's and Boys' Clothing is so far superior to any of our past efforts that it will be a death blow to all competition. Just think of buying a good Cassimere Suit for Boys for 95c, a good Wool Cassimere Suit for Men for \$3.48. Our stylish, nobby suits will cost you just half the price other merchants ask you for the same things. Our Overcoats are already on the move, and wise customers are selecting now while they can get the new styles. Have a look at our Clothing; it will pay you.

Already our customers are beginning to say that we never will sell all the Cloaks, Wraps, Jackets, Raglans, Monte Carlos, Fur Jackets, Furs of all kinds, Ladies' ready-made Tailored Skirts and Tailor-made Suits that fill the tables, racks and even piled on the floor in our Tailor made Suit and Cloak Department. The like was never before seen in Mt. Sterling. It is a sight worth coming miles to see whether you want to buy or not. The new style garments will tempt you and low cash price will sell you.

Our Underwear fills nearly one entire side of our big store. Underwear to suit everybody. Can't name prices, space won't admit. Don't pay over price for Underwear. Get posted; get our prices and qualities before you buy.

All the little notions that one needs are to be had here, and there's not as much to pay for them as elsewhere. No imitations or seconds; get standing room here. You pay for what you get, and you get what you pay for.

Pineapple, in virtue of its active principle, brometin, has considerable virtue as a proteid digestive. The texture of the fruit, however, is such that its indigestible matter more than offsets this virtue. Dr. Wyatt Wingrave, however, finds that the expressed juice has a powerful solvent action upon plastic exudate, such as diphtheria membrane. This can be demonstrated in vitro, and though owing to the shortness of contact, its solvent action on membrane on the throat is necessarily slight, he finds that it exerts a decidedly softening effect on the stringy exudate, so as to admit of its detachment. He also used with success a thin slice of pineapple, applied for eight hours, as means of softening the horny epidermis of corns, ready for removal. Within his own special province he has employed the juice usefully for softening the horny papillae in Keratosis of the tonsil.—Therapeutic Gazette.

DISFRANCHISED.

If the Democracy of Menefee

county has been disfranchised as

charged, who did it? In a com-

mittee meeting, the manner of

selecting candidates by the two

counties was agreed upon. Mont-

gomery have two terms to

Menefee one term. A resolu-

tion was offered which provided

that Montgomery select her own

candidate and Menefee would do

the same, but Menefee's repre-

sentatives, with five from Mont-

gomery committed the counties

to this method. That the candi-

dates would come from the coun-

ty according to time agreement,

but each county would have a

voice in the selection. This is the

real condition and if Menefee has

been disfranchised it has been

done by her own spokesmen, and

that over the majority of the

Montgomery delegation. As a

matter of fact the Menefee dele-

gates did right, for to have adopt-

ed the amendment would have

carried with it disfranchisement.

Democracy should and will act

in favor with the best material, and

if they have at any time failed in

this, then the leaf should be turned

now. It is right to offer only com-

petent men who know the

needs of the commonwealth and

how to bring about remedial

enactments.

RELATION OF MENELEE AND MONTGOMERY AS A LEGISLATIVE DIS- TRICT.

At a meeting of the Democratic Committee for the 10th Legislative District, of Kentucky, held at Chambers Station in May 1901, J. H. Williams presided as Chairman at said meeting. A. S. Johnson introduced a resolution, that the agreement between Menefee and Montgomery should stand in so far as Menefee was to have one term and Montgomery two. But that was amended so that when it was Montgomery's time that she select her own candidate and Menefee would ratify but would have no part in naming candidate. And that when it was Menefee's time she would name the candidate and Montgomery ratify, she thought to have no part in the selection. The reason given for this was that Montgomery being the larger county would always select the candidate, even though he were a resident of Menefee county. J. H. Williams made four speeches in opposition to this proposition, and all six of the Committee from Menefee county voted against same. Amendment lost by vote of 11 to 10.

The above is taken from records of the meeting above referred to and we produce it that the good people of Menefee may know the exact situation. Again we ask, and with the light of the above, was Hon. J. H. Williams' article timely? And again we want to be understood as asking of Menefee just this: Canvass your county and if your best man is not offered, bring him out endorsed by a majority of your democracy. He would receive the vote of Montgomery county sure.

Vote for Hopkins for congress.

IS GOVERNOR BECKHAM

ELIGIBLE.

To our mind it does not require

the mind and legal lone of a Judge

of the Court of Appeals to intelli-

gently decide this question. The

intention of the law, the facts to-

gether with a literal construction is

apparent. Evidently the inten-

tion of the framers of the law was

this: The Governor who is elected

for and serves a full term, four

consecutive years is not eligible for

a succeeding term. Now Governor

Beckham became officially

Governor Goebel until the regular

election and so acted when as nom-

inee of the party his name was

placed on the ballot and elected

Governor for the remaining unex-

pired term of Governor Goebel.

Hence it appears that Governor

Beckham could not have served a

full term.

First, Gov. Goebel served a

short period and it matters not

whether it was a period of one day

or longer, the term was cut short

just that much and Gov. Beckham

is therefore eligible to re-election.

If you want high meats in the

market and low prices on the

farm just place yourselves in the

hands of trusts. The Republicans

have planted and cultivated them,

and if the people do not speak

now the time will soon be when

everything will go as Mark and

his may direct. The hope of the

people is through the Democratic

party. Vote for Hon. F. A.

Hopkins for congress.

EVERY DEMOCRAT MUST

VOTE.

Every man with a political faith

that counts should vote. If you

haven't registered do so and be

ready for the November and other

elections for the year.

Hon. F. A. Hopkins, Demo-

cratic candidate for congress is a

live wire, and if there is any

good thing going the Tenth Dis-

trict will be sure for his share.

Vote for him for congress.

A CLEAR FIELD.

The withdrawal of Joe Kemper from the race for Circuit Court Clerk gives a clear field to Mr. R. J. Hunt who at the proper time will be declared the nominee. The withdrawal of Mr. Kemper averts the close contest and possibly some bitterness Mr. Kemper was manly in his withdrawal notice giving proof of the democracy that pervades his very being. Mr. Hunt will make a fine clerk, needs the office, is a working democrat and to give him the office without further opposition is nothing more than he merits.

VOTE FOR HOPKINS!

November the 4th, the day when we are to choose a representative in Congress, is fast approaching and it is with the people to say whether they will be represented by a man who is identified with the party of trusts and combines or one who is for the interests of the people. "Do you suppose your Vinol would do me any good?" said a woman customer the other day. "I just drag round. My work seems an awful burden."

"I think Vinol will help you," said our clerk. "Our folks at home use it. We have such faith in it that we will pay the money back if it doesn't help you."

She took a bottle of Vinol home and has since bought another bottle.

Vinol was sold last year on the same guarantee. How many "refunds" were there, do you think? Less than two percent.

In other words, Vinol did successful work in ninety-eight cases out of 100.

For two great classes, those who can't seem to gain strength, and those who are tired at nothing, we say: "Try Vinol on our guarantee."

Arrested.

A man giving for his name J. C. Woodruff and his home in Tennessee was arrested by Marshall John Tait and Jailer Charles Stedd Monday. He had in his possession two overcoats, several pair of pants, a few mufflers, red flannel suit, some cheap jewelry and \$7.75 in silver. Woodruff is a suspicious character and is held for carrying concealed weapons. The prisoner says he is a peddler and was pulling along on foot because his horse had died. Officers are of the opinion that he may be one of the house breakers operating in Eastern Kentucky.

DR. C. EDWIN POYNTZ

Shot By John Siler at Paint Lick. While on the Way to His Office.

Seldom have the people of Richmond and Madison county been so shocked as they were Monday night, Oct. 20, when the news reached this place that Dr. C. Edwin Poyntz, of Paint Lick, had been fatally shot by John Siler, of that place, and in return also received dangerous wounds. Immediately upon the receipt of the news Dr. and Mrs. J. M. Poyntz, accompanied by Drs. H. R. and W. M. Gibson left for that place. Shortly after their arrival several of the doctors from Lancaster and Dr. Carpenter, of Stanford, arrived and after an examination of the wounds they found there was nothing that could be done, save to ease his last hours as much as possible although everything was done to save him without avail. He died Tuesday morning at 4:20 o'clock, being conscious until the last save for brief moments by the administration of opiates.

The news caused great excitement and groups of men, eager for the details, stood about the streets until a late hour Monday night discussing the dreadful affair.

The story of this lamentable affair dates back possibly six weeks to the changing hands of the Paint Lick Hotel. At the death of Mr. B. Engleman, late proprietor, Mrs. Engleman feeling unable to carry on the hotel, rented a private house and took boarders. Dr. Poyntz having been a friend of the family and also their family physician, left the hotel as did several other boarders and went with Mrs. Engleman. Siler, who became the hotel proprietor, is said to have accused Dr. Poyntz of running down the hotel and inducing his boarders to leave. This drifted along until Saturday night when a drummer friend of Dr. Poyntz arrived in Paint Lick and accompanied him home to supper. Again Monday night he had a friend to supper. This is supposed to have started Siler, for as Dr. Poyntz was returning to his office Monday night after supper, Siler seeing him, crossed from the hotel to a point where Poyntz had to pass to reach his office. As he passed Siler attempted to raise a fuss, but Dr. Poyntz passed by and started up his office steps. When he had reached the third step it is said that Siler fired the first shot, the bullet striking him in the back at the belt, ranging upward, and came out just under the heart. This shot was fired at such close range that a considerable hole was burned in Dr. Poyntz's coat. Dr. Poyntz, who was on the steps and in the light, wheeled and started down the steps when Siler shot him again, this time the ball entering below the shoulder blade and taking an upward course. The first shot fired by Dr. Poyntz struck Siler in the hip, shattering it and taking a downward and backward course. The exact order of shots is not known, although it is generally conceded that Siler shot first and possibly fired the two shots which entered Dr. Poyntz's back before the fire was returned. This conclusion is drawn from the fact that after Dr. Poyntz began firing his back was never to Siler, consequently the shots must have been fired before he faced his antagonist. Siler fired five shots, four of which took effect while Dr. Poyntz fired four, three reaching their mark. As stated above Dr. Poyntz died Tuesday morning about 4:20 o'clock. Siler, who was operated on, is still alive and has a fair chance to recover.

Mr. Siler came from near Crab Orchard and for several years has lived at Paint Lick. Sometime in September he became proprietor of the Varanda Hotel in that place. He is a brother of Mat Siler, town marshal of Lancaster, and is about 35 years of age.

Dr. C. Edwin Poyntz was the only son of Dr. J. M. Poyntz, of this city, and was in his thirty-first year. He was born in Leesburg, Harrison county, Ky., November 15, 1871, but has lived here since a small child, being educated at Central University. He received his medical education at the Hospital College of Medicine in Louisville, where he graduated with the honors of a large class. He was a member of the Kentucky State Medical Association and an active member of the Guard County Medical Society, and located at Paint Lick seven years ago and had gained an enviable reputation in his profession for one of his years. Among the best of his patients had come to him as that of chief surgeon of the Kentucky sons of Confederate Veterans. He was a deacon in the church and also one

WOMAN'S SPHERE

All accepted theories of woman's sphere have been set at naught by woman's progress. Not only are there women physicians, women lawyers, women preachers, women composers, etc., but recently an attempt was made to establish women as conductors on a street-car line. It is announced that a woman has recently received a pilot's certificate and license. Another woman has been discovered conducting a butcher's business, and yet another works at the blacksmith's forge. In the last two cases the women were widows and having no other means of support, entered upon the occupations their husbands had followed and practiced them with success. From facts like these, arguments have been made that in time there will be no occupation free from the encroachments of women. But it is easy to see that under ordinary conditions few women could undertake to do successfully the hard manual labor to which men are accustomed. Many a woman finds herself utterly unable to perform the easiest household duties at certain periods, because she suffers from pains which make her incapable of the least physical effort. A majority of women suffer from womanly diseases, and as a consequence are afflicted with headache, backache, dizziness, nervousness and other feminine ailments which would make it impossible for them to take up a man's tasks. As long as this condition lasts the women who enter upon what have been deemed masculine occupations will be the exception, not the rule.

But will this condition of womanly weakness and sickness last always? It will not, because every day women are discovering by actual test that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It cures headache, backache, nervousness, sleeplessness, and other feminine ailments which are the result of womanly disease.

"You have my heartfelt thanks for your kind advice to me in my sickness," writes Mrs. George Fletcher, of 106 Victoria Avenue, Galt, Ont. "I was troubled with catarrh of uterus for over a year. The doctors said I would have to go through an operation, but I commenced to use Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' also his 'Lotion Tablets' and 'Antiseptic and Healing Suppositories.' Now I am completely cured, after using only six bottles of Dr. Pierce's medicines. I am glad to say my medicine has made me a new woman."

"I can truthfully say that Dr. Pierce's Favorite Prescription is a wonderful medicine and deserves the praise given it," writes Mrs. Emma Spooner, of Lakewood, Montclair Co., Mich., Box 288. "I was sick four months, and the medicine prescribed by the doctors did me no good. Finally I wrote to Dr. R. V. Pierce for his advice. He answered, in a very kind letter, instructing me what to do. I followed his advice and to-day am a well woman, thanks to Dr. Pierce."

"A little over a year ago I wrote to you for advice," says Mrs. Elizabeth J. Fisher, of Diana, W. Va. "You advised me to use Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' which I did, and with the most happy result. I was troubled with female weakness and bearing-down pains. Had a very bad pain nearly all the time in my left side, nervousness and headache. Was so weak I could hardly walk across my room. Could not sit up only just a little while at a time. My husband got me some of Dr. Pierce's medicine and I began its use. Before I had taken two bottles I was able to help do my work. I used three bottles in all and it cured me. Now I do all my household work. It is the best medicine I ever used."

Dr. Pierce's Favorite Prescription cures forty-nine out of fifty women who give it a fair and faithful trial. It is remarkable for the variety of female diseases it cures. There is no disease peculiar to women which will not be benefited by the use of "Favorite Prescription." In many cases, as in Mrs. Fletcher's, it cures when doctors say an operation is necessary.

Any weak or sick woman is invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private, and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with sick women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y. Do not confuse this offer of free consultation, by letter, made by Dr. Pierce with offers of "free medical advice" made by men or women who are not physicians, and have neither the medical education nor the legal right to practice medicine. Such advice is worse than worthless; it is dangerous.

In a little more than thirty years Dr. R. V. Pierce, as chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his staff of nearly a score of physicians, has treated and cured hundreds of thousands of weak and sick women. In inviting you to consult him, by letter, free, Dr. Pierce places at your service, without charge, the resources of one of the greatest and best known medical institutes in the country.

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

THERE'S NOTHING BETTER

In the form of a family medical work than Dr. Pierce's *Common Sense Medical Adviser*. It deals thoroughly with the general topics of health and disease, and gives instructions as to treatment in cases of accident or emergency. This great work, containing more than a thousand large pages and over 700 illustrations, is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

Address: DR. R. V. PIERCE, Buffalo, N. Y.

The Abuse of Fuel.

The high price of coal, caused by the strike now ending, have carried with them a salutary lesson. It has reminded our people that they have been using fuel wastefully. The natural resources of the United States are so great that something out of the usual order is necessary to convey the lesson that there is a limit to them.

But it is not merely in the matter of wastefulness that fuel has been abused. The sanitary argument is even stronger than that based on economy. In America we indulge in hot baths to a degree unknown in other parts of the world. Some of those who lecture us on the subject probably err on the other side. The cold rooms of Germany and France have their drawbacks, and there is reason to believe that they are often insufficiently heated. But that does not, in any degree, excuse the hot rooms to which Americans are very commonly subjected. It is not the degree of cold which is so fatal to health as the sudden transition from heat to cold. To quit a room at the temperature of a day in July and go into a zero temperature is necessary perilous, yet this is a common incident of American experience. It has cost many a man his life, and caused others troublesome attacks of illness.

With coal at abnormal prices the temptation to use too much fuel is not so strong. When normal rates are restored, it is altogether likely that most of the people will forget the prudence which necessity has taught them. But it is not too much to hope that the lesson of the strike may not be altogether lost on some.

Those Opposed to Primaries.

The Glasgow Times, which has been heading the agitation for a State primary, gives what it contends to be a fair list of those opposed to primaries as a means of making nominees. While it may be said that a State primary, for various good reasons, is impracticable and somewhat chimerical, the same cannot be maintained when it comes to making nominations in a district of smaller territorial area and where the necessity for formulating a platform does not exist. The list the Times gives of those who are opposed to primaries on general principles is entertaining, to say nothing of its instructiveness.

Those opposed to a primary are: Politicians with a grievance, who hope to find their opportunity for revenge in the skullduggery of a convention.

Politicians with aspirations who are weak before the people, but strong in convention methods.

Politicians posing as lightning rods and dark horses.

Politicians with slates in their pockets.

Politicians who run for one office and divide it, or trade for another in conventions.

Politicians who will be out of "business" whenever a primary is called.

A very small minority that is honestly and conscientiously opposed to a primary.

These are the forces that are in opposition to the will of the people.

Elisha Hoskins and Charles Powers were given sentences of five imprisonment last week at Pineville for complicity in the "Quarter House" fight.

Circuit Judge Parker delivered a vigorous charge to the special grand jury impaneled to investigate the murder of A. B. Chinn at Lexington. He commented at length upon the indifference of public opinion and the laxity of respect for the laws. In the course of his remarks he said: "If every spot where a man has fallen by the hands of violence were marked by a cross, Lexington would resemble a city of the dead as much as a city of the living."

Sir: Prices for the customary kinds of winter fuel having reached the altitude which puts them out of reach of literary persons in straitened circumstances, I desire to place with you the following order:

Last February Miss Susie Pettit, one of the most popular girls in Owensboro, Ky., became suddenly insane. She was treated for a few days by local physicians, but, becoming violent, she was sent to the asylum at Hopkinsville. Her case was regarded as almost hopeless, but on Monday, Oct. 20, her mental faculties were restored to her with the suddenness of a flash of lightning.

Not Due to Politics.

A letter received at Frankfort from Booneville says that the assassination of Judge Hylen was not due to politics, but to personal enemies and feudal troubles. Gov.
